## Venice Acts to Delay Interest Default on Bonds

**Plan Involves Budget Transfers, But is Not 'Cure for Problems'**

A plan by which the city of Venice may avoid default in payment of interest due April 1 on \$11 millions in outstanding McKinley bridge bonds was approved by the Venice city council Friday night.

The plan was advanced by Dr. John E. Lee, mayor of Venice, following a meeting in New York with principals involved in the McKinley bridge bond financing program.

Dr. Lee told the council the action "is not a cure" for financial ills that have beset the city's financial status and that it would only delay an interest default for six months unless some other program can be worked out in the meantime.

Under the proposal, the bridge administration would transfer the April bridge budget of \$33,045 into the May budget of \$86,545, which would increase the May budget to \$85,590. Since the budget of any one month is financed by revenue of the preceding month, this would permit the bridge administration to use March bridge income for bond interest.

## Motorcycle Rider is Killed in Collision

**Victim is Robt. Spain; Train Hits Auto at Maryville Rd. Crossing**

Robert Spain, 28, of 2032 Iowa street, was injured fatally at 8:15 p.m. yesterday when the motorcycle he was riding crashed into two autos at Fifth and State streets, Madison.

He died two hours later in the operating room at St. Elizabeth Hospital. In 27 other crashes in the area since Thursday, 15 persons were injured.

Madison police said details of how the fatal motorcycle accident occurred were lacking. Officers said the drivers of both cars, headed in opposite directions on State street, were uninvolved in the collision.

Nathan Rosenkranz, 71, of East St. Louis, who was driving south on State street, said

Mueller, a local real estate and insurance agent, said his home was entered between 9 a.m. and 10 p.m. A window had been pried open with a screwdriver. The loot included a 16-gauge shotgun worth \$215, a 12-gauge worth \$150, a television set worth \$130 and approximately \$50 worth of jewelry.

**House Ransacked, Looted**  
The home of Harry McClure, 2110 East 20th street, was entered through the coal chute by burglars who ransacked the entire house and stole an instant camera, two 8mm movie cameras, three old pocket watches, a stick pin, an eight-transistor radio and a British commando knife with a broken point.

The thieves used sledge hammer to smash open the coal bin door and used a shovel to force open the door to the basement stairs.

Burglars stole 150 records, 10 cigarette lighters, two boxes of cigars, cases of soda and meats in a break-in at the Family restaurant, 1 Eldorado lane, it was reported to the Madison county sheriff's office at 6 a.m. Friday. The cigarette machine and juke box were broken open. Entry was gained by breaking a west side door.

A rear window was found open. Burglars crawled through a

## Robert Byrne Out Of Levee Primary Race; 4 Running

A five-man contest for two Democratic primary election nominations as members of the East Side Levee and Sanitary district board has been reduced to four candidates today with the withdrawal of Robert T. Byrne, 2312 St. Clair avenue.

Byrne, one of three candidates who filed petitions of candidacy to oppose incumbent board members William "Mike" Ebersoldt of Venice and Joseph Grant of Granite City, who are seeking reelection, was the only candidate to withdraw his candidacy before the withdrawal deadline at the county clerk's office at

noon Saturday.

Still in the race to oppose the incumbents are Paul Zupari, 219 Garfield avenue, business representative of Bricklayers Union Local 65, and Louis Postawko, 1909 Grand avenue, a former deputy sheriff and a former 14-year employee of the levee district. There is no opposition for the levee board position on the Republican ticket where only two candidates filed.

**Works at Sewage Plant**  
Byrne is an operator at the Granite City sewage treatment plant, a job he holds by appointment by Mayor Donald Partney. Some political sources attributed Byrne's decision to withdraw to the reported displeasure of Mayor Partney over development of opposition to incumbent levee board members.

The city recently negotiated with some difficulty a permit for the city to use the levee board's Nameoki drainage canal for discharge of stormwater from the city's proposed new sewer system. The levee board, after first refusing the permit, later granted the permission.

Zupari is aligned with Dick E. Mudge of Edwardsville and Richard Allen of Granite City, who are running for delegate and at-large, respectively, in the national Democratic nomination.

## Mother of Four Shot in Tavern By Ex-Husband

Mrs. Mildred Williams Wilson, 23, mother of four small children, was in serious condition at St. Elizabeth Hospital today of a gunshot wound in the abdomen inflicted, police said, by her former husband, James R. Williams.

The shooting occurred in the Starlight tavern, 1225 Madison avenue at 10:25 p.m. yesterday in conversation he asked her: "Do you trust me?" He added that he then took a .45 caliber automatic from his pocket and fired point-blank at the woman.

The bullet pierced the woman's abdomen and lodged in the front door of the tavern. Williams then told the bartender to call police and an ambulance. He waited until police arrived and was held in the Madison city jail until 10:30 a.m. today on a charge of

## DAYS WITHOUT A QUAD-CITY TRAFFIC FATALITY

Granite City police had \$878 in their safe for a few hours safekeeping after it was found by four boys Saturday afternoon while playing in the old Odessa Cemetery.

The money was discovered missing from the safe in the basement at McDonald's drive-in on Johnson road. A 17-year-old clean up boy at the sandwich shop was taken into custody Saturday night and admitted taking the money from the safe and hiding it in the cemetery.

Police are conferring today with the state's attorney's office to determine if the local youth is to be charged with theft over \$150.

## New A. O. Smith Contract Offer Rejected Sunday

**Vote by Secret Ballot 486 to 365 Against Accepting 3rd Proposal**

Boilermakers Union Local 575, in a secret ballot that took two hours to complete, rejected yesterday the "last and final offer" of A. O. Smith Corp. for a contract that would settle the 78-day union strike at the auto frames plant.

The vote was 486 to reject the offer to 365 in favor of acceptance. Balloting followed a two-hour meeting in which union officials outlined details of a contract proposal resulting from four days of negotiations between union and company representatives in federal mediation offices in St. Louis last week.

Those sessions followed rejection of a previous A. O. Smith contract offer March 6 in which union members objected to a "faith agreement" on job disturbance and a "bumping" clause, a 16-cent ceiling on cost-of-living increases and general wage boosts.

**Plant Move Possible**  
Yesterday's rejection of the contract proposal was voted in the face of a company move that may mean the shutdown of the A. O. Smith plant which holds the Quad-City area economy with an annual payroll of \$13 millions plus supplies from Granite City Steel Co. involving another \$5 to \$7 millions.

At U. S. Mediation and Conciliation Service in St. Louis, where David Harris, mediator, had been the Boilermakers' A. O. Smith negotiator, said he believed the union and company together for more contract talks.

"About all we can do now is sit tight and wait," he said. More than 800 Boilermakers union members attending yesterday's session in the Venice-Madison American Legion Hotel at Venice were told by Flare "Bill" Warfield, union president, that in the final days of negotiations last Thursday

Warfield said that Harris, who was sent into the negotiation sessions two weeks ago, "showed us (the union negotiators) a letter signed by seven officials of the company calling a meeting of the board of directors for March 25 to review the plan's operations over the past 13 years it has been in Granite City, to determine whether or not the plant should be shut down."

He said the seven names in the letter included that of Paul Kemp, plant manager of the Granite City A. O. Smith plant.

Warfield added that on the last day of negotiations last week (Friday), we asked him if the company's latest contract proposals were ratified here today, would the men return to work on Monday (today). He said no. He said that under no circumstances would the plant resume operations last week (Friday), we board of directors meeting."

**No Further Concessions**  
The union president said that union negotiators attempted to discuss with Harris further changes in wage proposals, but that Harris told them he had been instructed to make no further concessions to the union that would involve more company financial outlay.

"And he didn't," Warfield added. "He refused to discuss anything that involved money and he left here Friday afternoon by plane without making any financial concessions."

A. O. Smith officials said today they had no further comment on the contract dispute which resulted in a strike of approximately 1200 boilermakers on Jan. 1.

A plant spokesman said plant officials could make no comment concerning reports that auto frames plant will be closed permanently other than that

## Guns, Jewelry, TV Set Among Burglary Loot

Shotguns, a portable television set and jewelry worth \$545 were among loot taken in a house burglary during the weekend as authorities reported a long list of 21 crimes.

Theft of two shotguns, a portable television set and an assortment of jewelry with a total value of \$545 was reported to Granite City police Friday night by Herman Mueller, 3200 Willow avenue.

Mueller, a local real estate and insurance agent, said his home was entered between 9 a.m. and 10 p.m. A window had been pried open with a screwdriver. The loot included a 16-gauge shotgun worth \$215, a 12-gauge worth \$150, a television set worth \$130 and approximately \$50 worth of jewelry.

The thieves used sledge hammer to smash open the coal bin door and used a shovel to force open the door to the basement stairs.

## ROBERT SPAIN Killed in Crash

he saw nothing approaching him and was first aware of a collision when he felt the impact. He said he looked back and saw the motorcycle and rider in the street.

**Felt Impact**  
Daniel F. Parker, 28, of 2416 Ohio avenue, said he was driving north on State street when he felt the impact. He said he then saw the motorcycle and rider in the street and ran into the car.

Spain, a former marine, was the father of two small children, Fay Marie, two, and Teresa Ann, 11 months old. He was employed at Laclede Steel Co.

He was born in Phoenix, Ariz., but had lived nearly all of his life in Granite City. He was a member of the Steelworkers Club at the steel plant.

He also is survived by his wife, Mrs. Marcia (Mathenia) Spain; one brother, Marcus Spain of Piggott, Ark.; two sisters, Mrs. Earl (Gean) Hayden and Mrs. Joan Baker, both of Granite City, and his parents Mr. and Mrs. Clyde Spain of Granite City.

An inquest will be scheduled by Coroner Leonard R. Davis. Funeral arrangements are being made.

**Parasite Speculators**  
Drake said speculators flock around the gold markets like parasites because they know the only way gold can go up is in economic terms, speculators, call such conditions "to stop the slide risk," he explained.

"The only way to stop this 'international crapgame' is to ignore the gold supply completely," the former federal economist said. "Our business potential and natural resources will stabilize the dollar," he believes.

Drake says devaluation of the dollar would put lower prices on goods and services. He said it usually means higher prices.

## AMERICAN LEGION EMBLEM presented Jim Logue, right, commander to Tri-City American Legion Post 113, to Clarence E. Brooks, past Illinois department commander during the Legion's 49th birthday held here Friday night.

Establishment of a Madison county Metro-police squad received enthusiastic support from police departments from small communities but was given a reluctant view by representatives of departments from the larger cities during an exploratory discussion Friday afternoon in the courthouse at Edwardsville.

The meeting, called by the Madison county sheriff's office, received representation from most of the police departments in the county, and despite some hesitancy, plans were drawn to set up a central investigative file on all known hoodlums in the county.

Alton authorities were leery of a major case squad in the county, arguing that its city council would object to its police officers working on investigations outside of the city limits, and that the department was insufficiently staffed. However, it was announced Friday that the Alton department was increased by four to 49 police officers.

The county squad was deemed to be a boon for smaller communities, some of which have taken police forces.

The meeting was called to order by deputy sheriff Dennis Nicholas, who explained the need for county-wide cooperation in law enforcement, and then was open to general discussion. The Granite City department was represented by officer Leo Willis, and the Pontoon Beach and Venice departments sent representatives. Madison did not send an officer.

During the session Assistant State's Atty. Gerald McGivern discussed plans to confer with Southern Illinois University officers on a proposal to set up a programming system using SIU-SW IBM equipment.

Twenty-three police officers attending included railroad detectives from all lines operating in the county and SIU-SW security police, in addition to State's Atty. Leon Scroggins. Nicholas said FBI agents, who were unable to attend, offered full cooperation.

The next session was set for 2 p.m. April 17 at the courthouse to establish an informational system.

**Challenge Local Filing**  
The objections challenge the petitions of Lawrence Tolar, George Duff and Morris Campbell, all of East St. Louis, incumbent members of the levee district board. Under an amended state law, levee board candidates were to file this year with the county clerk's of the area in which they live. The levee district is comprised of parts of Madison and St. Clair counties, with three board members elected from St. Clair county and two from Madison county.

Previously levee board candidates filed with the secretary of state at Springfield and were elected on a district-wide basis. As a precautionary measure against a possible reversal of the ruling requiring local filing, incumbent levee board members filed in both counties.

Petitions for election filed in St. Clair county incumbents were filed in Madison county and petitions of Eberstadt and Grant, Madison county candidates, also were filed in St. Clair county. All five incumbents also recorded a full set of petitions with the secretary of state.

Simmons' action reportedly constitutes a friendly move to clarify the question of filing petitions only in the counties in which the candidates live. Similar objections were filed against the Eberstadt and Grant petitions in the St. Clair county clerk's office at Belleville.

**Robert Byrne**

Postawko was a deputy sheriff from 1942 to 1946 and worked 14 years as a levee district employee. He also is a former Democratic committee member of Precinct 8 in Venice.

**Two Democratic Contests**  
End of the withdrawal period Saturday leaves two contests on the Democratic ticket, one involving two candidates for state's attorney and another involving a three-way race for county coroner. There are no contests on the Republican ticket, only one candidate having filed for each of the five county offices open to election this year.

In the Democratic primary, incumbent state's attorney Leonard R. Davis of Granite City, incumbent coroner also serving by appointment, will be opposed by T. J. Burke and Dr. Edward Mulville, both of Alton. It is rumored the county Democratic group might switch its support to Burke.

Other Democratic candidates for county offices who will be nominated without opposition are James Chapman, recorder; Willard V. Portell, circuit clerk; and John L. Kraynak, auditor.

On the Republican side of the county ballot, candidates who will be nominated without opposition include Charles Burns of Collinsville, recorder; David E. John, Granite City, circuit clerk; R. W. Griffith, Alton, state's attorney; Pete E. Fuchs, Godfrey, auditor, and Robert G. Thomas, Granite City, coroner.

GO LEVEE CANDIDATES  
The two unopposed Republican levee board candidates are James Chapman, 2036 Jerden avenue, and Edward Werner, 2023 Madison avenue. Withdrawals at the state level included those of Arthur R. Gottschalk of Flossmoor and Alfred "Bulldog" Drummond of Justice, both Republican candidates for governor. Their withdrawal cut the field of GOP gubernatorial candidates to five.

No withdrawals were reported in the state representative contest in this 55th district. Eight candidates are in the field.

Meanwhile objections to three other levee board candidates that were filed "as a matter of record" with Miss Eulalia Hotz, Madison county clerk, were filed with Miss Hotz by Walter T. Simmons, chairman

## Major Case Squad For County Taking Shape after Meet

Establishment of a Madison county Metro-police squad received enthusiastic support from police departments from small communities but was given a reluctant view by representatives of departments from the larger cities during an exploratory discussion Friday afternoon in the courthouse at Edwardsville.

The meeting, called by the Madison county sheriff's office, received representation from most of the police departments in the county, and despite some hesitancy, plans were drawn to set up a central investigative file on all known hoodlums in the county.

Alton authorities were leery of a major case squad in the county, arguing that its city council would object to its police officers working on investigations outside of the city limits, and that the department was insufficiently staffed. However, it was announced Friday that the Alton department was increased by four to 49 police officers.

The county squad was deemed to be a boon for smaller communities, some of which have taken police forces.

The meeting was called to order by deputy sheriff Dennis Nicholas, who explained the need for county-wide cooperation in law enforcement, and then was open to general discussion. The Granite City department was represented by officer Leo Willis, and the Pontoon Beach and Venice departments sent representatives. Madison did not send an officer.

During the session Assistant State's Atty. Gerald McGivern discussed plans to confer with Southern Illinois University officers on a proposal to set up a programming system using SIU-SW IBM equipment.

Twenty-three police officers attending included railroad detectives from all lines operating in the county and SIU-SW security police, in addition to State's Atty. Leon Scroggins. Nicholas said FBI agents, who were unable to attend, offered full cooperation.

The next session was set for 2 p.m. April 17 at the courthouse to establish an informational system.

## Four More File In Quad-City School Elections

Additional candidates in the April 13 school elections in all three districts of the Quad-City area have filed nominating petitions. It was reported today.

Granite City, Andrew Gitchoff, 3830 State street, operator of a real estate and insurance agency, and Richard Roberts, 2880 Ralph street, filed petitions, both for urban memberships on the Granite City board.

The new filings brought to seven the total number of candidates seeking three regular school board posts and one candidate seeking a one-year unexpired term.

Thomas E. Watson, 922 Reynolds street, Madison, filed his petitions in the Madison school election in which only the incumbents had filed previously. Watson was among the leaders of a wide parents' faction involved in racial strife at the Madison high school last November.

Richard Bailey, 223 Hill street, Eagle Park Acres, filed petitions in the Venice school race as a candidate for the two-year unexpired term of the late John Gonterman. John Pier, school superintendent, said that Hugh Halstrom of Venice, who previously filed as a candidate for the unexpired term told him he plans to withdraw.

Filing deadline for submitting petitions in the school election will be noon Saturday.

## Speaker Urges More Detention Home Facilities

Present laws governing the handling of juvenile cases must share part of the blame for the use of detention homes as a "dumping ground" for children who are guilty of nothing more than the fact they are dependent, neglected or mentally retarded, a national conference of juvenile detention home supervisors was told at Pere Marquette State Park Thursday afternoon.

James M. Jordan of Chicago, superintendent of the Cook County Detention Center, told more than 60 supervisors attending the session that a lack of proper training facilities also contributes to the problem.

Since the earliest days of detention, control of admission to detention facilities has traditionally rested with the judge of the detention center, Jordan told the meeting. He urged that juvenile court judges place a greater reliance in making disposition of cases on the assistance of a recommended list of all enforcement officers, detention administrators, case workers, psychiatrists, probation officers and others of the judicial staff.

He also urged professionals in the field of youth work to take the lead in developing community programs to provide non-detention treatment facilities for juveniles in need of special care.

The conference was sponsored by Southern Illinois University's Center for the Study of Crime Delinquency and Corrections and two federal agencies, the Office of Juvenile Delinquency and Youth Development and the Children's Bureau.

## Chaplain Jones Attends Meet on Jobs, Housing

Capt. John P. Jones, chaplain at the Granite City Army Depot, met with a special task force committee of the Illinois Council of Churches last week in Springfield to review the need for more job opportunities and decent low-cost non-discriminatory housing.

The committee reiterated the position of the council's General Assembly that there is a most urgent need for adequate housing on a completely non-discriminatory basis; equal justice under law; the development of equal and excellent education for all children and youth; the training of adults for employment in work that pays wages sufficient for an adequate standard of human dignity, decency and health; and the actual opportunity for such employment without discrimination.

The committee called upon member denominations and other conciliatory organizations to actively support community organizations working for complete integration.

## Expansion of NYC Plans In GC Now Under Study

Expansion of the Neighborhood Youth Corps program in Granite City was proposed by Mayor Partney during a meeting at his office Thursday with city officials and local civic leaders.

The city has been employing eight to 10 boys and girls during the past two years, and with the cooperation of other taxing bodies and agencies, the mayor is hopeful to expand the number to 50 or more.

Attending the planning session were Park Supt. Harold Brown, Chamber of Commerce Secretary Howard Colquhoun, School Supt. B. J. Davis; City Inspectors Orville Deltour, Lawrence Druhe and Jack Fricker, Housing Director David Morgan, Paul Niebur, president of the Downtown Retailers Association, and John Lobos of the NYC staff.

Partney explained the Youth Corps workers now in city employment include a young girl doing secretarial work and typing in the comptroller's office and helpers for the city hall custodian, the humane officer at the animal shelter building and the city painter.

The rate of pay is \$1.25 an hour, paid by the federal government, in the program to aid disadvantaged youth in reaching a suitable employment level through schooling and actual employment.

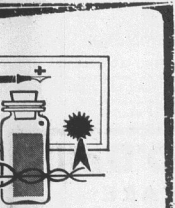

The youngsters must be from families with low incomes. May-

## Miss Diane Wilcox Becomes Bride of Robert Goeddel

The sanctuary of the First Methodist Church, Venice, was illuminated with candlelight and decorated with arrangements of white gladioli and carnations for the wedding of Miss Diane L. Wilcox and Robert E. Goeddel, Saturday evening.

Rev. James Nettleton assisted by Rev. Dan Williams officiated at the doubling ceremony. Miss Rogers Davis sang selections from Bach and Schuman accompanied at the organ by Miss Phyllis Wallace.

Randy King, a cousin of the bride and Mark Sumner, the groom's nephew served as candlebearers.

The bride is the daughter of Mr. and Mrs. Harry D. Wilcox, 208 Granville street, Venice, and the groom is the son of Mr. and Mrs. Elmer C. Goeddel, 704 Waterloo drive, Waterloo, Ill.

Mr. Wilcox escorted his daughter down the white carpeted aisle and gave her in marriage.

She chose a pure white brocade gown fashioned with a beaded standup neckline emphasized in the back with a self fabric bow, and long tapered sleeves. An inverted pleat formed a redingote for the front A-line Princess style skirt, that fell gently in the back to a chapel train.

Her bouffant veil of silk illusion was secured by a headpiece of satin and pearl covered leaves. The bridal bouquet was an arrangement of white tiara roses centered with a detachable orchid corsage.

## Miss Byxbe, Darrell Allen Exchange Wedding Vows

Miss Cheryl Diane Byxbe and Darrell Eugene Allen exchanged wedding vows Saturday evening at the Third Baptist Church in the presence of Rev. Eugene Phillips, at 7 p.m.

The altar was adorned with bouquets of white flowers and the candelabra attended by Daniel Allen and Melvin Allen, brothers of the groom.

Mrs. Jerry Lorentz presided at the organ for the soloist, David Richardson, who sang, "The Lord's Prayer and 'I Love You Truly.'"

The bride's parents are Mr. and Mrs. Earl James Byxbe, 2726 Center street, Apt. A, and the groom's parents are Mr. and Mrs. Wallace T. Smith, 1247 Iowa street, Madison.

The bride, given in marriage by her father, selected for her wedding a floor length gown of pure white silk organza over tulle. Designed with a scoop neckline, long fitted sleeves, the molded bodice was accented by a band of lace with ribbon inset which was tied at the back waist with a small self fabric bow. The modified A-line skirt fell into gentle fullness at the back to form a chapel train. A band of lace was repeated at the hemline featuring a velvet ribbon inset similar to the bodice.

A double crown of pearls and crystals secured a tiered veil of imported pure silk illusion, and she carried a cascade of Elegance carnations centered with an orchid corsage and interspersed with greenery.

Miss Diana Garfield was honor attendant; and Miss Norma Dallas and Miss Barbara Allen, sister of the groom, were bridesmaids.

They were attired alike in floor length gowns of Coullion blue peau de soie featuring a scoop neckline, a short bell sleeves accented by bows and a semi A-line skirt with delicate blue bow headpiece held in place a short bouffant veil. Each carried a Colonial bouquet of white ball pom poms with blue ribbons.

Little Tammy Sue Seabough, a cousin of the bride, was a flower girl and she wore a floor length gown of white silk over tulle, accented by a short bell sleeves accented by bows and a semi A-line skirt with delicate blue bow headpiece held in place a short bouffant veil. Each carried a Colonial bouquet of white ball pom poms with blue ribbons.

Master Christopher Smith, brother of the groom, served as ring bearer.

Mr. Allen chose David Keeton as his best man, with Robert Campbell and Ronald Lowe as groomsmen. Terry Burke, the bride's cousin, and Daniel Bowers seated the guests.

Mrs. David Keeton presided at the guest book during the reception which was held in the church hall following the ceremony.

The newly-wed couple took a honeymoon trip to Springfield, Mo., and will reside locally on their return.

The former Miss Byxbe is a graduate of Granite City high school and is employed at a St. Louis bank. Mr. Allen is a graduate of James Haywood high school, Haywood, Calif., and is employed at the McDonnell Douglas Aircraft Corp. machinist.

Mrs. Byxbe, mother of the bride, chose a hot pink tulle dress with a long sleeved jacket of lace, beige accessories and a corsage of white carnations tipped pink.

The groom's mother, Mrs. Smith selected a mint green crepe dress with matching lace coat, black accessories and her corsage of white carnations was tipped in green.

## GC Park's Winter Carnival Rescheduled for Thursday

Several hundred local youngsters, whose dismay was apparent last Tuesday as an unexpected six-inch snowfall forced postponement of the Granite City park district's "Winter Carnival," are anxiously awaiting 7:30 p.m. this Thursday when they will present their routines in Memorial Gymnasium at Granite City high school.

The carnival event, now in its eighth year, will feature such activities as square dancing, baton twirling, physical fitness routines, tumbling and gymnastics, wrestling and basketball free throwing.

Approximately 400 performers are expected to take part in the two-hour spectacular which provides a pageant-like setting for participants in the park district's winter recreational programs to display several of the many activities available to local youngsters and adults.

No admission is charged those viewing the carnival, however, a ticket is required for admittance. Tickets have been distributed to those enrolled in

park district programs.

Thursday's playbill will open with welcoming remarks by William Koryak, park board vice-president. Board President Barry Loman will serve as master-of-ceremonies, and a "Grand March" around the auditorium will initiate the entertainment.

Those directing the various segments, include Mrs. Helen Bjorkman, women's physical fitness and square dance director, who will be assisted by Miss Debbie Scaturro; Park District Athletic Director Ronald Dillard, who will supervise a basketball free throw contest, assisted by instructors, Donald Graville, Al Sonnenberg, Norman Martinez, Bruce Thompson and Marvin Brokaw.

Miss Marilyn Champion, who instructs the district's baton twirling students, assisted by Miss Barbara Brandt; Tom Stubbish and William Hoshier, who have charge of the wrestling program; Bruce Thompson, Charliene Graham and Clabbe Ingram, leaders in the gymnastic and tumbling classes; and Mrs. Ruby Mayberry and Miss Cheryl Ors-

hood, who will supervise preschool children singing and pantomiming nursery rhymes.

Granite City Park Supt. Harold Brown today reminded all participants in the carnival to report at the Memorial gym at 7 p.m. Thursday.

**POLICE OFFICERS** who completed a recent basic police course at Western Illinois University include Patrolman William Harris of Granite City, seated left, and Ted Scroggins and Edward McClary of Alton. Standing are Sgt. Dale Higgins, left, traffic instructor, and C. W. Van Meter, school director.

### Officer Harris Scores High in Police Course

Patrolman William Harris of the Granite City police department made one of the highest scores obtained in the basic police course conducted Feb. 5 to March 1 at Western Illinois University, Macomb. Police Chief Ronald Veizer was informed this week by Clifford W. Van Meter, school director.

Harris had a final score of 945 out of a possible 1000 points. The highest grade made was 969, the average was 923 and the lowest was 800.

Sixty per cent of the grade was based on tests, 20% on notebooks and 20% on deportment.

### Vets Assistance Center To Open in St. Louis

One of 20 U. S. Veterans Assistance Centers will be opened in formal ceremonies Friday in St. Louis, the Granite City Army Depot announced.

The new centers were ordered by President Johnson in his Jan. 30 message to Congress. The regional center, to provide assistance and counsel to veterans recently separated on all federal programs available to them.

It is located in room 4925, Federal building, 1520 Market street.

One of the primary missions of the "one-stop" Veterans Assistance Center will be to seek out and assist the disadvantaged veteran who recently has returned to civilian life to make him fully aware of all the benefits the law provides, from education to employment, from housing to health.

The programs of education, training, employment and housing are designed to assist the veteran in his post-service period of adjustment. To obtain these objectives, the assistance and cooperation of all segments of the community interested in veterans affairs will be most helpful, officials said.

### 100 Youths to Play In String Festival

Nearly 100 youngsters between the ages of four and 14 will perform March 24 in a string festival at the Southwestern campus of Southern Illinois University.

John Kendall, professor of string development, will lead the festival, beginning at 2:30 p.m. in the Communications building theater.

The hour-long concert will display the talents of girls and boys from Southern Illinois and the bi-state metropolitan area who are studying string music under the Suzuki "listen and play" method.

The festival will open with selections by 16 advanced students who form the "core" of the youthful orchestra. As the program progresses, easier songs will be introduced as the orchestra absorbs students with lesser experience and training.

# Track Warriors Sharp in 58-Team Tournament

Warriors were exceeded only by Alton's 8:31.7 time. No official team scores were tabulated for the mammoth meet, in which 648 athletes competed.

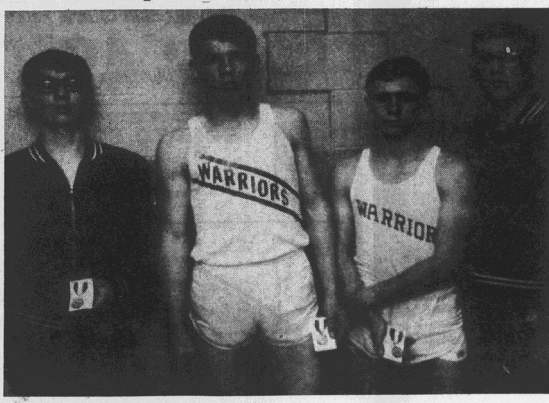

GCHS entries reaching the semifinals, a high achievement in itself, were David Mulenick, 70-yard high and low hurdles; Mike Allen, low hurdles; Jim Jones, 70-yard dash; and Carl McDowell, 440-yard dash.

The Warrior mile relay team, Carl McDowell, Rich Hull, Steve Benko and Jim Jones, finished sixth in the tournament. Mike Burris was seventh in the mile run.

Coach Jim Morrison's squad Granite City high school's two-mile track relay squad of John Frazier, Mike Allen, Rich Hull and Jim McDuffy placed second in the 58-school Western Illinois University invitational high school track meet held indoors Saturday at Macomb.

Traversing the two-mile distance in the finals in 8:31.1, the team taken part in five indoor meets, including two invitational relay tournaments at the St. Louis Army and two open meets, also at the Army.

Indoor running having been completed, GCHS will now prepare for its initial outdoor track and field meet against O'Fallon here March 25.

## Maroons, Beaten by GC, Madison, In 'Sweet 16' Against Effingham

Can Belleville West — conquered by both Madison and Granite City this season — go all the way in this week's state high school basketball competition?

If the 19-11 Maroons do achieve the state cage championship, it will not have been the easy way. Their super-sectional opponent at Charleston at 8 p.m. tomorrow is Effingham, unbeaten in 29 games and favored to take the state title.

Effingham's front line players is 6-8, 6-7 and 6-5. Other first-round "sweet 16" games Tuesday night pair Mount Vernon (25-4) and Carbondale (19-10) at Carbondale, Quincy (22-8) and Galesburg (24-2) at Macomb, Rockford (22-2) and La Grange (19-6) at Hinsdale, Danville Schlarmann (30-0) and LaSalle-Peru (25-4) at Normal and Peoria Central (23-0) and Springfield Lanphier (24-6) at Peoria.

**Effingham's Meet Friday**  
The eight quintets surviving

after tomorrow's action will move on the University of Illinois, Champaign-Urbana, for quarterfinals Friday afternoon and evening, semifinals Saturday afternoon and third-place championship games Saturday night.

Collinsville, which also won in 1965, is the last undefeated team to capture the state championship, a feat it accomplished in 1961. Effingham and Danville Schlarmann are the two contenders with unblemished 1967-68 records.

Galesburg also is rated as a powerhouse, along with DeKalb, Lockport West, Evanston and Peoria Central. In addition, Mount Vernon is usually tough once the super-sectional stage is reached.

**Defending Champs Lose**  
There will be no repeat championship this year, since Pekin, the March 1967 titlist, lost to Peoria Central 48-40 in the sectional championship contest at Peoria.

State pairings for this week-end by super-sectional sites are Carbondale-Hinsdale at 1:15 p.m. Friday, Evanston-Peoria

at 2:45 p.m. Friday, Normal-DeKalb at 7:30 p.m. Friday, Charleston-Macomb at 8 p.m. Friday, afternoon winners at 12:15 p.m. Saturday, evening winners at 1:45 p.m. Saturday, third place at 7 p.m. Saturday and first place at 8:30 p.m. Saturday.

Belleville West won the East St. Louis sectional meet 73-59 over Carlinville Friday night after eliminating Edwardsville 61-60 Thursday night. Carlinville had edged Beecher City 64-62 the previous evening.

**Narrowly Beat Tigers**  
Seconds before the end of Thursday's tilt, Tiger Jerry Schear scored two free throws to give Edwardsville a 60-59 lead. Jack King of Belleville West missed a desperation shot but Jim Hunch, a sophomore reserve, rebounded and scored the winning field goal.

The Maroons had beaten Granite City 68-50 hede Dec. 15, but the Warriors won 53-49 at Belleville West Feb. 2 and eventually ended in a three-way tie with Belleville and East St. Louis for fourth place in the Southwestern Conference. Madison battered the Maroons 68-54 at Belleville West in a Feb. 23 non-league clash.

In addition to the Belleville West and Peoria Central wins mentioned, the "sweet 16" teams advanced on the basis of the following sectional scores:

Springfield Lanphier 92, Decatur 85; Effingham 107, Arcola 57; Evanston 74, Maine South 49; DeKalb 69, Elgin 65; Schlarmann 68, Bismarck 56; Auburn 53, Freeport 50 (two overtimes); Mount Vernon 77, El Dorado 54; La Grange 52, Proviso East 47; Quincy 64, North Greene 38; Lockport Central 80, Thornton 71; LaSalle-Peru 100, Pontiac 54; Galesburg 83, Kewanee Wethersfield 67; Carbondale 78, Centralia 61; and Crane Tech 75, Marshall 65.

## 5 Swimmers Qualify for Ill. Championship Meet

Five Granite City swimmers qualified Saturday for the Illinois YMCA boys' state championship meet, to be held April 6 at Oak Park, Ill.

They became eligible by taking first and second place trophies or by meeting qualifying times in District Four finals at Decatur.

Competing under the supervision of Kees Oudegast, swim coach at the East St. Louis YMCA, local boys qualifying at Decatur included:

**Sets District Records**  
Bill Beatty, 15-17 intermediate division, who set district records with first-place finishes in the 200-yard and 100-yard freestyle events. The 16-year-old youth also took second place in the 50-yard freestyle, meeting the state qualifying time.

Mark Blumner, who set a district record in the 25-yard breast stroke preliminaries, missed a first place finish by one-tenth of a second and finished second in the mid-9-10 division. Mark, also qualified for state in the 100-yard individual medley by taking third and in the 100-yard medley relay with a seventh-place finish.

Eric Cunningham met state qualifying times in the 13-14 age group, taking third place

in the 100-yard butterfly and sixth in the 200-yard medley relay. He also finished tenth in 100-yard freestyle.

Also qualifying for the April 6 state meet with a fifth place win in the 100-yard breaststroke event was Dick Skirball, who placed eighth in 100-yard freestyle. Both events were in 15-17 age competition.

Competing in the 9-10 mid-division, Michael Baggot received a seventh place ribbon and a berth in the state meet in the 100-yard medley relay and took 11th in the 25-yard butterfly event.

Other local competitors swimming under the auspices of the East St. Louis YMCA included: Todd Cunningham, mid-division, ninth in 200-yard backstroke; Bill Skirball, 11-12 age group, sixth in 100-yard freestyle relay; and Paddy Jim Baggot, 11-12 division, sixth in 100-yard individual medley and seventh in 50-yard backstroke.

Contestants entered from the Granite City YMCA, none of whom qualified for the state finals, included Mark Loftis, Mike Rynington, Jeff Jolley, Allen Allen and Gordon Quinn. The group competed under the direction of Swim Coach Ferd Valdez.

## County Tax Rate Set at 35.7 Cents

### -Up 5.9 Cents

The county tax rate this year will be 35.7 cents per \$100 assessed valuation, up 5.9 cents over last year's rate.

At that time, Kemp said that a change is possible in the status of the plant in Granite City.

The vote yesterday was in considerable contrast to a standing vote taken by the union March 6 on practically the same contract proposal. At that time, with approximately 1000 members attending, only two stood in favor of acceptance.

Some members of the standing-room crowd that packed the Legion hall yesterday expressed belief during a question and answer period that the company's threat to move the A. O. Smith plant out of Granite City was a "bluff."

Warfield and James Cox, vice-president of the union, who alternated in presiding over the session, told the more than 850 ballroomer union members attending the meeting, that there was "no way to be certain."

**County Valuations**  
The new county rate is based on an assessed valuation of \$390,941,839, up \$35,754,018 over the \$355,187,821 assessed valuation for the 1966 tax year.

A breakdown of the county tax rate follows with comparison rates for the 1966 tax year shown in parentheses:  
General, 10 cents (8 cents); sanatorium, 4.92 cents (5.29 cents); highway, 5.58 cents (5.18 cents); special bridge, 59-cent (75-cent); retirement, 2.09 cents (2.06 cents); veterans assistance, 14-cent (13-cent); civil defense, 81-cent (81-cent); museum, 2-cent (0.09-cent); county audit, 17-cent (28-cent); maps and plats, 75-cent (58-cent); highway federal aid matching tax, 2.48 cents (3.90 cents); detention home, 1.67 cent (1.53 cent); mental health, 2.80 cents (4.55-cent); election expense, one-cent (none); and working cash fund, 2.5 cents (none).

**Johns-Manville Sees Construction Uptrend**  
At the annual stockholders' meeting held Thursday in New Orleans by Johns-Manville Corp., President C. B. Burnett forecast 1968 sales over \$250 million and earnings higher than in 1967.

Burnett cited an optimistic long-range construction program outlook, particularly when Vietnam hostilities end and money becomes more available. He pointed to "pent-up demand, growth in the young adult population, and the need for new schools, hospitals, offices and water and sewer systems."

**Ball Breaks Window**  
A No. 3 billiard ball was found Saturday morning inside Biederman Furniture store, 3675 Nameoki road, close to where there was a large hole in a plate glass display window along Nameoki road. It is believed the ball was thrown through the window from a passing car.

produced most of the \$37,000 balance needed to meet the interest payment.

**Bridge Traffic Drops**  
However, the mayor reported, bridge traffic during the first 15 days of this month is down 20% below March of a year ago.

He told the council that the New York representatives were particularly interested in avoiding default of interest payments for the first six months of the bridge fiscal year to permit time to consider other programs that possibly could remedy the situation. The fiscal year is from Oct. 1 to Sept. 30.

"We are only buying time by avoiding a default next month," the mayor said. "The same problem will exist in September and a default is inevitable unless some other plan can be devised."

The city's bridge problems grow out of the opening within the last year of the toll-free Route 279 Chain O' Rocks bridge north of Venice and the toll-free Poplar street bridge in East St. Louis, both of which have taken considerable traffic away from McKinley bridge on which tolls are collected.

The city has an additional \$10 million in "A" bonds outstanding against the bridge. Principal and interest payments on "A" bonds are made first out of revenue received from bridge tolls. No principal payments are made on "B" bonds and none is scheduled until the "A" bonds are paid off.

## MORE ABOUT A. O. Smith

Change Is Possible

made last week by Paul Kemp, plant manager.

At that time, Kemp said that a change is possible in the status of the plant in Granite City.

The vote yesterday was in considerable contrast to a standing vote taken by the union March 6 on practically the same contract proposal. At that time, with approximately 1000 members attending, only two stood in favor of acceptance.

Some members of the standing-room crowd that packed the Legion hall yesterday expressed belief during a question and answer period that the company's threat to move the A. O. Smith plant out of Granite City was a "bluff."

Warfield and James Cox, vice-president of the union, who alternated in presiding over the session, told the more than 850 ballroomer union members attending the meeting, that there was "no way to be certain."

**Up to the Members**  
"We are presenting you with all the facts," Warfield said, "and the decision is going to be up to you. We don't want you men yelling at the officials

later that you didn't know what they were all about." He explained that a secret ballot was to be taken with the unionists to vote on only one of two proposals on the ballot—"To Accept" the contract, or "To Reject" the contract.

Several members of the audience objected to a secret ballot and said they were willing to stand up and "be counted," but Warfield explained that a secret ballot was required by the union constitution. No explanation was made as to why a standing vote was taken in the March 6 meeting.

Warfield and Cox told the members that the threatened removal of the plant from Granite City "is a gamble you are going to have to take if you make up your minds that you don't want this contract."

**Made No Recommendations**  
Union officials made no direct recommendations to the membership as to whether they should or should not accept the

contract proposal. Warfield and Cox took turns reading to the members the language of contract terms involved in the most recent negotiations that started last Tuesday and continued daily through Friday.

As outlined yesterday, virtually all of the contract issues appeared reluctantly acceptable with exception of the seniority issue as it involved "job disturbance and bumping privileges which permitted one worker with more seniority to bump another worker of less seniority from the more acceptable jobs."

Warfield told the men that "this is one thing we could not get written into the contract. All we could get was a 'faith agreement' in which the company said it would go along with this system as it has in the past. This means that they might allow bumping in one instance, but refuse it in another. It is a matter of going on their word. You do not have it written down."

**Asks for Explanation**  
At one point following presentation of all the contract issues, one man in the audience asked the officers to explain the difference between the proposal of yesterday, compared with that on which they voted March 6.

Warfield explained that they

had secured a 4-cent maximum cost of living allowance for the 1968 year. Previously, he said, the company wanted to allow no cost of living raise this year, confining a 16-cent maximum rise to eight cents for 1969 and eight cents for 1970.

"Why that's about it," Warfield commented.

He pointed out, however, that at the beginning of the negotiations last December, the company submitted 10 proposals that it wanted to include in the contract.

"These included such things as elimination of job selection, new grievance procedure, procedure for temporary transfers and seniority job placements," Warfield said, adding that "all of these went down the drain."

**Voting Takes Hour**  
Balloting on the contract proposal began at noon and it took more than an hour for all of the 851 votes to be cast in four voting booths set up in each end of the hall. Union officials began counting the ballots shortly after 1 p.m., and completed the task a few minutes after 2 p.m.

Removal of the A. O. Smith plant from Granite City not only would cut off an annual payroll of about \$13 millions, but would almost certainly result in a work staff reduction at Granite City Steel Co., in-

Williams, who is employed at Laclede Steel Co., said he and his ex-wife were married in August 1960, and he is the father of Mrs. Wilson's four children whose ages are 6, 4, 3 and 6 months. He said they were divorced in September 1967. His former wife was remarried three weeks ago to Woodrow Wilson, police said. Her address was listed as 2118 Washington avenue.

Williams lives at 117 Kinder drive, Mitchell.

## GC Baseball Season to Open Wednesday; Drill For Boosters Tuesday

sport gc baseball season 6 66

Boosters of the Fighting Warriors will spotlight baseball at their meeting at 7:30 p.m. tomorrow. Location will be the Granite City high school memorial gymnasium.

After a brief business session, Head Baseball Coach Joe Fedora will present the 1968 squad. The players will then meet to stage practice drills in the gym, demonstrating their preparations for the 38-game season opening the next day.

Refreshments will be served at the meeting, where Coach Fedora will discuss the new

baseball campaign. The spring season will be his final coaching chore, he will become athletic director of the school district beginning with the 1968-69 school year.

Willis F. Shepard, president of the Boosters, is urging club members to "bring a friend" and also is inviting Khoury League and Little League managers to attend.

The opening Warrior diamond tilt is scheduled for 4 p.m. Wednesday at Wilson Park field No. 1 against O'Fallon.

Another non-conference contest this week will send GC's to Stanton at 4 p.m. Friday.

## MORE ABOUT Venice Acts

instead of applying it to specifically budgeted items, such as salaries and other operating costs.

The operating costs, in turn, would be paid out of a separate operation and maintenance fund.

Mayor Lee pointed out, however, that March income budgeted for expenditure in the amount of \$33,045, still would be insufficient to make up the total necessary for payment of "B" bond interest.

He said approximately \$37,000 is needed to make up the \$110,000 interest payment due April 1. This represents one-half of the total \$220,000 paid annually as interest on \$11 millions in outstanding "B" bonds. The other \$110,000 payment is due Sept. 30.

Consequently, the mayor pointed out, he will seek permission this week from officers of Mercantile Trust Bank, St. Louis, to transfer the needed balance of \$400,000 from the budget's Missouri Tax and bridge painting items. The Mercantile Trust Co. is the area representative of bridge bondholders.

While the council adopted a resolution Friday night authorizing the proposed changes in the bridge budget, the mayor pointed out that further action will be required on budget amendments if he obtains the bank's permission for the other \$400,000 in transfers.

**To Call Special Meet**  
He said if the bank allows the use of \$400,000 from the tax and painting funds, a special council meeting will be necessary to adopt the further budget changes. If the permission is not granted, Dr. Lee said, some other plan for providing the

\$400,000 balance needed to meet the interest cost will have to be worked out.

The mayor explained that the plan was the only one of many discussed in the New York conference that appeared feasible.

Dr. Lee was accompanied by the New York meetings by City Atty. Harry Hartman and Bridge Manager Henry McMillen. He said they met in the morning with representatives of Haddesty & Hanover, bridge engineers, and representatives of the bonding firms of Nuveen & Co. and Kitter Peabody Co. and met in the afternoon with officials of Midland Marine Grace Bank, fiscal agent for the city.

**Bankers Criticize City**  
He said bank officials criticized the city of Venice for not having obtained a detailed traffic survey of McKinley bridge patronage in view of the severe decline in bridge revenue. He said the bank required that such a survey be made and that arrangements have been made with Coverdale & Colpitts, New York, bridge traffic engineers, to undertake the survey at a cost estimated at \$600 to \$700.

The survey will take from two to three months, Mayor Lee said, noting that it will include origin and destination reports. He said the survey will be made to determine if a reduction or increase in bridge fares is necessary to boost bridge income.

Adding to the problem of meeting the April 1 "B" bond interest payment, the mayor said, is a further decrease in bridge traffic noted this month.

He explained that during February bridge traffic was down 12% below that of the same period a year ago. On this basis, had the 12% decline continued through March, revenues for March would have

## At Optimist Meeting

## Ministers Express Views On War in Vietnam

Opposing viewpoints on the war in Vietnam were expressed Thursday by two local Methodist ministers who addressed Granite City Optimists at their weekly luncheon meeting in the YMCA.

Introduced by Optimist program chairman, Rev. Paul R. Surbey, pastor of St. John United Church of Christ, the guest speakers were Rev. Clair Clark of Trinity Methodist Church, and Rev. Goodlow Love, pastor of the First Methodist Church of Madison.

Expressing a dissenting opinion to the Administration's present policies and positions in relation to continuance of hostilities in Vietnam, Rev. Love reviewed the history of United States involvement in that Southeast Asian country, from the initial step of providing aid to French forces in the early 1950s up to the present time.

The minister elaborated on his views with excerpts from a variety of reading material. He suggested that persons agreeing with his position should force the Vietnam issue on the consciences of local churches and synagogues; support individuals and political candidates who protest the Administration's policies, both vocally and via the ballot box; and remonstrate against current U. S. involvement through their elected representatives.

A four-year combat veteran who saw action with the U. S. Rangers and received the Bronze Star Medal and Purple Heart, Rev. Clark offered full support to the government's line of action. If we pull out of Vietnam, the communists would take over other South East Asian countries, he said, "and then direct their attention and efforts across the Pacific Ocean, he commented.

Stating that at one point in his military service he had taught Chinese cadets, the minister expressed a firm conviction that the Oriental mind is greatly influenced with the concept "the end justifies the means."

Rev. Clark was critical of some statement in present U. S. policy, declaring he believes that U. S. servicemen in Vietnam have not been supplied with the best equipment to do the job and "we are aiming at the wrong targets. It appears, we are fighting this war with one hand tied behind us," he said. However, the clergyman said, he was definitely not in favor of introducing nuclear weapons into the Vietnam war.

Herman Muelder, Optimist vice-president, conducted the business session in the absence of Dr. Raymond E. Troyer.

A program of special interest to businessmen was presented at this week's meeting, when speakers from the Quad-Cities Mental Health Center will discuss present-day stresses and strains experienced by individuals in the business community.

## Employers Sought for Summer Job Project

Letters currently are being mailed to businesses, industries and home owners inviting their participation as employers in a "Youth Employment Service" project, to be conducted by the Madison County Economic Opportunity Commission through its Neighborhood Service Centers.

A youth employment exchange will be operated at the Quad-City Neighborhood Center, located at 145 Madison avenue, Madison, and at three other centers in the county.

In urging prospective employers to return the postal card enclosed in the letter, indicating their willingness to participate in the summer program, Maurice S. Harris said today, "Success of this program depends on the amount of support and cooperation from civic leaders, businessmen and private citizens in all Madison county communities."

The director said the project is designed to provide youths, 16 to 20 years of age, with meaningful work opportunities for the summer vacation period. Registration forms will be distributed to area high schools so that interested youngsters may register and provide their employment background, if any, and area of job interest in advance, Harris explained.

He said the county anti-poverty agency is being assisted in the project by the Illinois State Employment Service which is furnishing its standard job order forms and counseling personnel to train junior counselors and job order takers. The latter group will work in the EOC centers with the primary task of bringing the

## Charge Jailed Man in Venice Convent Theft

Authorities said Rice is now serving a 30-day county jail term in connection with a Granite City theft and will be turned over to them upon completion of his sentence.

Rice is charged with breaking into St. Mark's convent by breaking the glass out of a kitchen door. Two bedrooms were ransacked in the burglary.

## Glue Sniffer Jailed

Steve Underwood, 20, of 135 Kinder lane, was fined \$50 plus \$10 costs after pleading guilty to glue sniffing before Magistrate Mateosian Thursday and was taken to the Madison county jail at Edwardsville in lieu of payment. He was arrested Wednesday afternoon at Kirkpatrick Homes.

young job seekers and job together, he said.

Youths sent on a job will be thoroughly counseled and acquainted with the demands of the specific employment they are about to undertake, Harris explained. Registration forms for the program also will be available at Neighborhood Service Centers, he advised.

## Training Sessions Set For GC Police Officers

A series of training seminars will be conducted for members of the Granite City Police Department beginning May 1, Police Chief Ronald Veizer announced.

Thorough training manuals have been distributed to all members of the department for review and study prior to the series, to be conducted on a discussion basis and led by police sergeants.

The chief said the sessions probably will be held on a shift basis. The purpose of the series is to further develop the skill and efficiency of the police officers, he said, and deals not only with the "how-to-do-it" aspects of the job, but with an appreciation and an understanding of the "why-to-do-it" aspects.

The manual includes 20 general topics, or "Training Keys."

They cover the "One-Man Car Patrol," "Principles of Organization," "Investigator's Report," "Police Baton," "The Miranda Decision," "Robbery in Progress," "Estimating the Time of Death," "Moving the Injured," "Narcotics," "Use of Firearms."

"The Exclusionary Rule (search and seizure)," "The Follow-Up Investigation," "Environment—A Factor in Delinquency," "Physical Evidence—Bloodstains," "The Child Molester," "Inventory Fire," "Collecting Latent Prints," "The Family and Delinquency," "Skeletal Injuries" and "Pursuit Driving."

Chief Veizer said no tests or examinations will be held. "The Training Key" is published twice monthly by the International Association of Chiefs of Police.

## Price Introduces Code of Ethics For U. S. House

A code of standards for guiding and governing the conduct of members, officers and employees of the U. S. House of Representatives was recommended last week in a resolution filed by Rep. Melvin Price, chairman of the committee on standards of official conduct.

Recommendations include a proposal for public disclosure of certain financial interests and the sources of certain outside income.

"The committee firmly believes its package of recommendations, if adopted, will create workable processes for maintenance of high standards of conduct," Price said. "And we believe adoption and enforcement of our proposals will reflect credit on the House."

The bi-partisan committee of 12 members, created last April 13, recommended that it be made a permanent body of the House and given powers to enforce the proposed standards. "The very existence of such a permanent committee should serve as a deterrent to improper conduct," Price said.

**Self Protection**  
"And the enforcement authority would arm the House with a weapon with which to protect itself and implement more effectively its constitutional authority to be the judge of its own membership."

The disclosure provision calls for the reporting, for public purposes, of ownership of interests of \$500 or more in any business entity doing a substantial business with the federal government or subject to federal regulatory agencies or from which an income of \$1000 or more was derived in the preceding calendar year.

More detailed information, including actual figures, would be reported on a sealed basis and opened only if the committee, by a majority vote, determined such action to be essential to an investigation.

The report would be filed with

## Building in County Areas Totals \$936,080

Fifty-eight building permits listing values totaling \$936,080 were issued for new construction in unincorporated areas of Madison county by Jack R. Clifford, county building official, during February.

Included were 36 for homes, \$666,100; 12 for garages and additions, \$31,130; four for business and commercial purposes, \$154,000; one for a church and school, \$84,000; three for advertising signs, \$850; one for a miscellaneous purpose and one to demolish a structure.

The committee by April 30 of each year, Price said, and the committee would make the public portions available for responsible inspection.

**Other Provisions**  
The resolution also would: Modernize the Corrupt Practices Act to tighten controls on campaign contributions and expenditures and eliminate any abuses in the use of counterpart funds.

Permit receipt of no compensation by virtue of influence improperly exerted from their official positions; permit no gifts of substantial value from anyone having a direct interest in legislation before Congress. Permit no honorariums for speeches, writings or other similar activity from anyone in excess of the usual and customary fee.

Keep campaign funds separate from personal funds. Retain no one from clerk hire allowances who does not perform duties commensurate with pay received.

## Boy, 15, Caught After Wrecking Car Stolen in GC

A 15-year-old Pontiac Beach boy was arrested in Madison at 12:45 a.m. Saturday, shortly after an accident in Venice in which he wrecked a car he had stolen earlier in Granite City.

The boy fled the scene of the accident on foot, walking to Madison where he was picked up by police who had received a radio request from Venice authorities to be on the look-out for the youngster.

Venice police said they received notice of an accident at 726 Brown street about 12:30 a.m. At the scene they were told by witnesses that the boy had abandoned the car he was driving and walked toward Madison. Venice police then notified Madison authorities who picked up the boy.

At Venice police headquarters the youngster told police he had stolen the car from a parking lot at Granite City Steel Co. earlier in the night. The car was owned by Lawrence McCarthy, 903 Twenty-fourth street. Granite City police said they had no report of the car theft because McCarthy was working and did not know at the time the car was stolen.

Venice police said the boy was headed west on Brown street when he collided head-on with a parked car owned by Joseph G. Reider, Puxico, Mo. The McCarthy car, driven by the boy, was damaged in the front end, as was Reider's car.

The boy was questioned by Venice and Granite City officers who filed a juvenile card. A hearing will be held later.

Twelve tickets are available for tomorrow evening's trip to the "Ice Capades Show" at the St. Louis Arena, due to last-minute cancellations. Harold Brown, park superintendent, said today.

A total of 215 local residents will participate in the excursion, previously announced as a sell-out. Once the 12 seats are sold, additional tickets may not be purchased, Brown said.

Reservations at \$4 per person, including a \$3 admission ticket to the Arena and \$1 round-trip transportation cost, are available at the Wilson Park office, or by calling 877-3093. Buses will leave the Wilson Park ice rink at 6:30 p.m. tomorrow, Brown added.

**Two Hurt in Mishaps**

Two persons treated in St. Elizabeth Hospital emergency room this weekend, included Molly Barr, 8, daughter of Lawrence Barr, 721 Fourth street, Venice, who had a fishhook removed from the scalp at 2:35 p.m. Saturday, and Victor Sitton, 45, of Collinsville, who injured his right ankle and foot when the tractor on which he was riding overturned. Both were released.

Marie Hamm, Mrs. Robbie Long and Mrs. Joyce Edington; dear son of Mr. and Mrs. Charles Jones.

Friends may call at the present time at DAVIS FUNERAL HOME, 21st street and Cleveland blvd., where services will be held in the chapel at 11 a.m. Tuesday, March 19. Interment St. John's Cemetery, 2901 Nameoki road.

## Essenpreis and Hundley Wedding at St. Mark's

Heirloom wedding bands were exchanged by Miss Corna Sharline Hundley and Michael Paul Essenpreis in a double-ring ceremony Saturday morning at St. Mark's Catholic Church, Venice.

Miss Hundley, daughter of Mr. and Mrs. Wilson C. Hundley, Rural Route Two, Edwardsville, a senior at Venice high school who has been residing with her grandmother, Mrs. Edith Hackney, 1236 Robin street, received the ring of the groom's late grandmother, and he was given the ring of his late grandfather. He is the son of Mr. and Mrs. Maynard Essenpreis, 713 Broadway.

The 10 a.m. ceremony was performed by Rev. Terry Shea. Miss Hundley had her sister, Miss Vickie Hundley as maid of honor, and Bobby Brnic, cousin of the groom, was best man. Laura and Lisa McKee, nieces of the groom, were flower girls, and Marvin Bazzell was the usher.

The former Miss Hundley wore a white tunic suit and white accessories. She carried a white prayer book. The honor attendant also was in a blue suit with white accessories and carried a white rosary.

The flower girls were in pink dresses and carried white miniature nosegays.

Mrs. Hundley, mother of the bride, was in a blue suit with white accessories, and her only living grandmother, Mrs. Hackney, was in a pink ensemble with white accessories. The groom's mother wore a green dress with beige accessories. All had white corsages.

Following the ceremony, there was a noon luncheon for the families at the Rose Bowl, and the newly-wedded pair left for a one-week wedding trip. Upon their return, they will reside at 1629a Sixth street, Madison. The groom, a graduate of Venice high school, is a member of the Teamsters & Chauffeurs Union.

## Answers to Draft Questions

Answers to the most frequently asked questions concerning the draft are being answered by the Madison County selective service office, with the cooperation of the state headquarters staff at Springfield.

The county office is located at 132 North Kansas street in the new post office building at Edwardsville. Its telephone number is 1-656-8584.

The second series of questions and answers follows:

Q: We have only one son. Can he qualify for the Sole Surviving Son IV-A classification?

A: The Selective Service Law provides he must be the sole surviving son of a family of which the father or one or more sons or daughters were killed in action or died in line of duty while serving in the Armed Forces of the United States, or subsequently died as a result of injuries received or disease incurred during such service.

Q: Must a registrant return to his own local board for his Armed Forces physical examination or induction?

A: No. He may transfer for physical examination or induction or both by requesting this action by the local board nearest him.

Q: Recently my wife and I were divorced. She has custody of our two children and has them with her. Can I still get a Class III-A deferment?

A: Not as a father. To qualify for such classification, you must maintain a bona fide family relationship with the children in your home; however, it may be possible to be deferred in Class III-A by reason of extreme hardship to dependents.

Q: Who establishes the mental, moral and physical standards for entry into the Armed Forces?

A: Mental, moral and physical standards for acceptance are prescribed by the Secretary of Defense.

Q: Who conducts the examinations to determine an individual's acceptability?

A: Personnel under the jurisdiction of the Department of Defense.

Q: What are the respective areas of responsibility in connection with induction of personnel into the Armed Forces of the United States?

A: Congress prescribed the liability; Selective Service System determines availability and the Department of Defense decides acceptability.

## Battling Council Faces Lengthy Agenda Tonight

Another sparring session is anticipated for tonight's Granite City council session at 8 o'clock.

A long, four-page agenda contains debatable issues ranging from air pollution controls to the proposed two-way traffic on Edison avenue from 18th to 20th street.

But—two major carryover items from the March 4 session are not listed—a resolution authorizing Street Committee Chairman Ford Johnson to sign contracts for engineering services and an ordinance boosting the mayor's expense allowance from the present \$500 a year to \$3600.

At the March 4 session, action was deferred on the Johnson resolution in hopes that the Street committee and Mayor Partney would get together in the intervening two weeks to settle differences.

Johnson called for a meeting on a Saturday or Sunday so all committee members could be present, while the mayor held out for an 8-to-5, Monday through Friday meeting.

The mayor contends the engineering firm of Research Planning & Design Associates, St. Louis, is not providing satisfactory services and that he was not council approval of contract renewals. He has refused to sign the contracts.

## Concerns Council to Meet Wednesday Noon

The Quad-Cities Social Concerns Council, whose delegates represent various health, welfare and educational agencies in the community, will meet at 12:15 p.m. Wednesday in the Stater's dining room on the second floor of St. Elizabeth Hospital.

Sister Mary Thomas, council president, reminded members wishing to have lunch prior to the business session, to meet by 11:30 a.m. in the first-floor cafeteria. The meal may then be taken into the hospital library, located across the hall from the cafeteria, she said.

## Miss Janis Kay Plafcan and Dennis L. Lucido are Wed

St. Elizabeth's Roman Catholic Church, Johnson and Ponton roads, was the scene Saturday of the wedding of Miss Janis Kay Plafcan and Dennis L. Lucido.

The bride is the daughter of Mr. and Mrs. John Plafcan, 2020 Cottage avenue. The bridegroom's parents, Mr. and Mrs. Nick Lucido, reside at 3401 Franklin avenue.

Rev. George Taylor of Chicago, a cousin of the groom, officiated at the noon double-ring ceremony before an altar adorned with bouquets of white gladioli, snap dragons and chrysanthemums.

Wedding music was provided by Mrs. Cleta Judd, organist, who accompanied Mrs. Doris Heberer of Belleville, soloist. Vocal selections included "Ave Maria," "On This Day O Beautiful Mother," and "O Perfect Love."

Escorted down the white carpeted aisle and given in marriage by her father, the bride wore a floor length gown of white silk organza with embroidered Alencon lace over Peau de soie, designed in a cage effect with a slightly rounded neckline and three quartered length sleeves edged in lace. A long Chapel train of silk organza delicately scalloped, re-embroidered with lace around the edges was secured at the shoulders.

Her bouffant veil was held in place with a lace bow traced with pearls, and she carried a bouquet of phalaenopsis orchids, stephanotis and variegated ivy centered with a white hybrid orchid corsage.

The maid of honor was Miss Michelle Douin of Red Bud, Ill., formerly of this city; and Mrs. Paul Podraza, Mrs. Barry Teeter, a cousin of the groom, Miss Nancy Vesel and Miss Ruth Plafcan the bride's sister, were bridesmaids.

They wore full length dresses designed alike in a cage style of Pan red velvet with a yoke and long sleeves of Chantilly lace. Their headpieces were red velvet rose buds securing bouffant veils. A cascade of white spider mums and white crystal mums the latter tipped red, festooned their bouquets.

Karen Guth, the flower girl, wore a frock similar to those of the bridesmaids and carried a white basket of rose petals. J. Scott Plafcan, a brother of the bride, was the ring bearer.

Richard Lucido served his brother as best man, and Paul Podraza, John Chonko, cousin of the groom, Mike Novasi and Barry Teeter were groomsmen. Ushers included Frank Halvachs and Donald Burnett, the groom's cousin.

Mr. and Mrs. Lucido entertained members of the wedding party at a rehearsal dinner on Friday evening at the Rose Bowl. A wedding breakfast was served by the bride's parents in their home immediately following the ceremony and an evening reception for approximately 500 guests was held at the Polish Hall, 826 Greenwood street, Madison.

The former Miss Plafcan was graduated in 1966 from Granite City high school and is employed as a beautician in Belleville. The groom was graduated from the local high school in 1965 and his employment is with Lahey Funeral Home.

After a wedding trip, the newly-married couple will reside in the Illinois apartments on West Ponton road.

## Venice Approves Agreements for Underpass Work

Further action to clear the way for construction of the Broadway underpass at Venice was taken by the Venice city council in regular meeting Friday night.

In one action the council approved a request by Norfolk & Western railroad for an easement necessary to insure operation of the rail line during the underpass construction. In another it authorized Venice engineers to investigate a request by the Illinois State Department of Public Works to connect underpass drainage facilities with the 48-inch Venice stormwater sewer, and to enter into an agreement with the state if plans for the connection are satisfactory.

The Norfolk & Western notified the city that it needed an easement along the Broadway edge of the park to construct a "run-around" over which traffic will operate during the construction period. The agreement provides that the railroad will remove the tracks and restore the land to its original condition after construction is completed.

City Atty. Harry Hartman recommended approval of the request subject to the railroad inserting a "save-harmless" clause in the agreement which would relieve the city of liability in the case of accident or damage during railroad use of the property.

On the request by the state for permission to connect with the Venice sewer, the council approved a motion instructing City Engineer Jack Tolliver and the city's consulting engineer, Edward Juneau, to check the state plans and, if found satisfactory, to complete the agreement with the state.

The council also authorized Hartman to begin condemnation proceedings against a number of houses that are in bad repair in several parts of the city. A list of the properties is to be compiled by alderman of the city's four wards and turned over to Building Inspectors William Baucum. Baucum then will check the properties, detailing their condition, and refer his reports to Hartman for legal action.

A new two-year agreement with Sheppard, Morgan & Schwaab engineering firm to continue as the city's consulting engineers was approved. Only change in the agreement is an increase from 10% to 15% in the fee assessed for work on the first \$20,000.

To Set Specifications As a result of complaints that repairs of city streets by utilities who break streets for repairs or improvements are not holding up, the council instructed city engineers to make up a set of specifications that will be enacted by the council and then forwarded to the utilities.

The council approved two bills for payment out of the McKinley bridge repair and improvement fund, one for \$1235 for Hardesty & Hanover, bridge engineers, and another for \$458 for R. Dron Electrical Co. in payment of electrical work on the bridge.

A building permit was granted Henry Robinson, 1012 Douglas street, for converting a porch at his residence into an additional room at a cost of \$350. Another was granted to Venice school district for construction of the Venice school addition at a cost of \$101,901. The school construction has been under way several months.

A request of the Veterans of Foreign Wars for permission to conduct Poppy Day sales in Venice on May 24 and 25 was granted.

## MORE ABOUT Guns, Jewelry

small pile in the wall used for an exhaust fan to gain entry to Ray's drive-in, 210 Highway 200, south of Madison, it was reported to the Madison county sheriff's office by Ray Johnson, proprietor, at 3:30 a.m. Friday. He said the burglary occurred within an hour and a half after he had left the establishment.

A cigarette machine was broken open and the coin box containing about \$80 was removed. The juke box and pinball machines also were forced, but the money had been removed prior to the intrusion. Also taken was \$8 to \$10 from the cash register.

The intruders stood on a barrel to crawl through the 12x16-inch opening which was six feet from the ground. They left by the rear door.

**Jumps Through Window**  
Two burglars, who made off with a .22 caliber pistol, did not fire a shot as they fled the Hideaway Lounge by jumping through a window. The pair had been trapped inside the building about 4:30 a.m. Saturday by patrolmen of the Sure Security Patrol, a private firm hired by a number of rural area tavern owners.

The security patrol notified the sheriff's office that they had cornered at least one intruder inside the building, and while deputy sheriffs were en route, the burglar leaped through a large window on the north side of the building and escaped. Hospitals in the area were checked, but none reported giving treatment to any persons with cuts.

The building, at the junction of old Routes 66-67, west of Mitchell, was entered through a storage room window that was forced open. The owner, Alfred Frith, said only the pistol was missing.

**Tools Taken**  
A box of tools and a battery charger were stolen from the home of Russell White, 1329 Meridian street, it was reported to police Friday afternoon.

Hugh Hairston, operator of a service station at 910 Main street, Venice, reported to Venice police early Saturday that a burglar forced a padlock on the station door and stole \$7 from the cash register. Hairston also told police that a money had been stolen from the station on two previous occasions in the last few days, that the door was unlocked in those thefts.

**Sweater Stolen**  
A sweater was stolen from Hicklin's Clothing Store, Madison, about 2 p.m. Thursday, according to a report to Madison police. Officers said the sweater was believed to have been taken by a young couple who were shopping at the store shortly before the item was missing.

**\$38 Robbery at Tavern**  
A bandit armed with a club robbed Club Delmar, 1832 Delmar avenue, early Saturday morning by threatening the custodian, Quentin Ritchie of Belleville.

Ritchie told police the tavern was locked up at 5:20 a.m., when a young man with a white handkerchief mask over his face entered, wielding a club and demanding money. The custodian was forced into a restroom, while the bandit helped himself to \$38 from the cash register. He was five feet, 10 inches tall. He had light hair and was wearing either a red vest or a sweater with a "V" neck.

Police said there was no sign of a forced entry. James Carille, 2940 Grand avenue, reported to police Saturday that his red and black veterinarian jacket worth \$50 was missing from the high school.

**Fined on Theft Charge**  
Deve Mathenia, 20, of 1212 Meridian street, was arrested at 6 a.m. Friday on charges of theft of under \$150 and with criminal trespass to property. He was held by the plant guard at the blast furnace division of Granite City Steel Co. until police arrived.

## Youth 20, Shot in Neck, Gun Not Empty

Billie Dean Earls, 20, of 2002 Illinois avenue, was shot, apparently by accident, in the lower front neck while at an East Madison home after 11 a.m. Thursday and was in serious condition in the intensive care unit of St. Elizabeth Hospital.

The Madison county sheriff's office said he was with a group of others at the home of Richard Larry Hodges, 21, of 2004 Sixth street, when one of them, John Walter Sallee, 26, of Cloverleaf, was asked to see his gun.

Sallee told deputies he removed the clip of his .25 caliber automatic pistol, ejected a cartridge and handed it to Thomas A. Falk, 19, of 2167 Lynch avenue. Falk, believing the weapon to be empty, aimed it at Earls and pulled the trigger, discharging it.

The three and another youth were taken to the county jail for questioning after being held at the Granite City jail until 1:55 a.m. Friday. No charges were filed.

## Church Pancake and Sausage Supper Set

Smyser Jr., executive director of the agency, will be present to present a replica of the Gateway Arch and to autograph the ticket of the first person passing through the four-door gate and taking the first ride to the top of the Arch in the south leg train.

Hours of operation for the new train will be the same as they were for the north leg. The train does not operate on Mondays, but carries passengers from 10:30 a.m. to 5 p.m. Tuesday through Friday, from 10 a.m. to 9 p.m. on Saturdays and from 10 a.m. to 5 p.m. on Sundays.
